# Autism Strategies Across the Age Span: From Start to Finish

Students with Autism have a very specific set of characteristics and therefore require specific strategies while working with them.

In this jam packed, fun session Mo will discuss the specific characteristics of people with autism and the strategies that have been found to be successful for students with autism and other students with those characteristics.

This session will cover all aspects of the day; academic/instructional supports, behavioral supports, emotional self-regulation, communication supports, social skills supports and more.

These strategies and resources can be adapted for **all age ranges**.

**“Mo Buti , your knowledge and compassion are unparalleled!!! My son's future will be brighter because of you as I am sure are all the other lives you touch!”**

**-Lisa Heath parent of child with autism in Chicago Public Schools**

**“Mo is a phenomenal resource for educators and families alike. She has a wealth of knowledge regarding IDEA, FAPE, the IEP process, student, and parental rights. As a special education teacher I have learned so much from her!**

**- Gabi Pike Special Education Teacher in Chicago Public Schools**

## About Mo Buti

With over 25 years of experience, Mo is a practiced professional in the field of special education providing services and support to those with disabilities and their families. She served as Director of Program Development for Neumann Family Services, a leading service agency that integrates adults with intellectual developmental disabilities, autism and/or mental illness into the heart of the community to enrich their quality of life with choice and independence. Prior to Neumann, she directed autism programs and services for over 6,000 students as Manager of Autism and Intellectual Disabilities at Chicago Public Schools. Mo's additional experience also includes special education teacher, autism itinerant and special education administrator.

Mo is a dynamic, international speaker and well-respected authority on autism, intellectual disabilities, adult services, behavioral strategies, educational supports, and more.

She is a regular presenter at Closing The Gap, the most practical, practitioner-driven AT conference in North America.

An active member in the special education community, including the Illinois State Autism Task Force and the Vizzle Advisory Board, Mo was the recipient of the 2012 Bobby Reyes Tribute Award from Esperanza for outstanding commitment and dedication to children and adults with developmental disabilities by an individual.
