## 2011 Summer Programs for Adults with Communication Disorders

Six 90 minute weekly group sessions facilitated by Speech-Language Pathologists who have a special interest in adults with communication disorders.

Challenging, Fun, and Rewarding! Sessions will incorporate group activities, peer support, computer work, and Power Points. There will be coffee and a healthy snack at each session.

### **Use Your iPad**

TUESDAYS July 5 – August 16, 2011 Time: 4:30 – 6:00

You will learn to use your iPad to schedule, keep notes or practice with the key pad, view maps, communicate and drill speech. Each session will end with homework for you and a little for your family.

### **Brain Changes; Communication Changes**

WEDNESDAYS July 6 – Aug 17, 2011 Time: 2:30-4:00

Group sessions focusing on computer stimulation for speech and language recovery and peer support. You will have an opportunity to learn and practice with others, network and develop new contacts, all within a fun and challenging learning environment. Discover ways to improve your communication skills, develop relationships, and keep in touch via computer or Skype.

### **Clinical Services**

SpeechWorks Inc. also provides individual face-to-face therapy, Telehealth, home visits, and Skype sessions Plus we have The Brainworks Lab, and computer rentals.
